**Subject:** RE: CW v. [REDACTED] net weight?

Hi Dave,

I reviewed the Drug Receipt and my notes for this case.

The total gross weight of the samples upon submission to the evidence office was about 32g. This gross weight consisted of the sample/s + packaging/s + evidence bag/s.

Once the samples are being analyzed, the evidence bag and packaging is removed in order to obtain a net weight or estimated net weight.

Sorry ☹

Happy Holidays!!!

Annie,

I am reviewing a case for possible indictment and totaled up the weight of the items you analyzed and got under 8 grams, the arresting officer is certain the weight should have been approximately 32 grams. Do you mind checking the net weights on the following items when you have a chance:

[REDACTED] (0.25 - 2 PBs)  
[REDACTED] (0.96 - 1 PB)  
[REDACTED] (0.32 - 1 PB)  
[REDACTED] (0.22 - 1 PB)  
[REDACTED] (5.81 - 22 PBs)

Thank you,

Dave
